HOW WE ARE *different*

We aren't your everyday run of the mill wedding photographers. Why? Simply because weddings to us are so much more than just taking awesome photos.

WE CARE. A LOT. WE CARE ABOUT YOU.

We care about giving you an amazingly positive & stress-free experience while working with us.

We care about documenting your day in a very authentic, candid & creative manner that will tell your story for decades to come.

Being in business since 2009 and having photographed over 100 weddings, we've seen it all. This experience gives us the confidence to know that we will capture your day beautifully for you.

Plus, we are always available at any time for questions or concerns, giving our clients peace of mind that their photographs are our #1 priority.

Our style

We are incredibly passionate about wedding photography, and our goal is to capture images that you will treasure for years to come.

Through our dynamic photo storytelling, we showcase the bride and groom for who they truly are, and the true and honest moments of their wedding day. Our clients feel the emotion within their photos, whether through laughter or tears, as they recount the variety of special moments captured through the day.

Our style can be described as clean, fresh, and timeless. We also capture a combination of both posed portraits and candid, photojournalistic style images throughout your day.

destinations

We absolutely love to travel! If you are interested in booking us for your destination wedding or elopement, please get in touch for our detailed destination pricing. Whether you're planning a tropical getaway with your toes in the sand, or an elegant elopement in Paris - we are always ready for an adventure. albums

When you receive all of your wedding photos from us, they will no doubt look amazing online. However, your images are not meant to stay on your computer! Looking through hundreds of images on the computer can get a little overwhelming, and we believe that you should have something tangible to remind you of your important day. We think wedding albums are the perfect piece of art that will become an heirloom that your family will treasure for years to come. That's why our most of our Collections come with an album, our hope is that all of our couples will have their own custom album showcasing the best images from their wedding day.

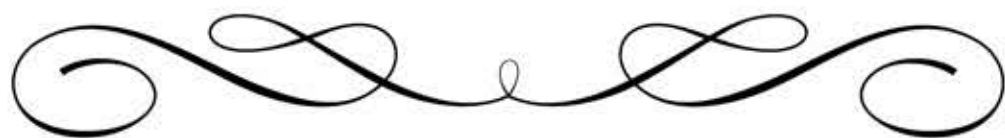

engagement sessions

You may have noticed that most of our wedding collections include an engagement session. This is because we simply love working with our couples before the big day. Having an engagement session before the wedding will help you get to know us and our relaxed style of posing and shooting. We also love to get to know you two as a couple and interact a little before the excitement of your wedding day. Once you book us as your wedding photographers, we will send you more information about how to prepare for your engagement session with us.

Suzanne & Saul

“Martyn is simply the best. He puts so much time and effort into his planning for your special day so that on the day everything runs smoothly. Wouldn't recommend anyone else”

consultation

Think we're the perfect photographers for you, but have a few more questions that you'd like to ask us about? No problem; we would love to meet with you to discuss your wedding! We often schedule consultations with our couples to chat with them about their big day. This is also a great way to connect and see if we'll be a good fit! Whether it's a phone call, Skype video meeting, or meeting in person – we want to talk with you right away, so let's get in touch!

WHAT TO *expect*

When you decide to book us for your wedding photography, here's what you can expect from us:

1. You will be taken care of. Throughout the entire experience, we will help guide you and ensure that you receive the highest level of customer service possible.
2. You will love your images. We are proud of the work that we produce, and we would love to have the opportunity to capture gorgeous images of your wedding day.

anyone's special day!

HOW MANY *hours?*

Every wedding is different, however, we've found 10 hours to be the perfect amount of time that will allow enough opportunity to capture the starting points of the day through the First Dance.

We want to ensure that we can accurately tell your story, from start to finish. Together we will go over your specific wedding details to ensure that you end up with the perfect package for your specific needs. For example, if your wedding has a long ceremony at a different location than the ceremony, a 12 hour day may be needed. Once you book with us, we will also discuss more details with your specific wedding day timeline.

Julia & Kye

"The most perfectly beautiful day Was our wedding day, a freezing cold day in March. Martyn Captured the day perfectly from start to finish and also became a massive part of the day by being there and helping make sure everything ran so perfectly. We are So grateful for the beautiful memories he created!"

HOW TO *book*

Please keep in mind that we do limit the number of weddings we take on each year and often book up 9-12 months in advance, so please get in touch as soon as possible to ensure that we have your date available.
